OMB Approved Number: 2502-0525.

Form Number: HUD NPFA-99A and HUD NPFA-99B.

Description of the need for the information and proposed use: HUD regulations at 24 CFR 200.926d(b)(3) require that the sites for HUD insured structures must be free of termite hazards. The HUD-NPCA-99-A requires the builder to certify that all required treatment for termites was performed by an authorized pest control company and further that the builder guarantees the treated area against infestation for one year. The form HUD-NPCA-99-B requires a licensed pest control company to provide to the builder a record of specific treatment information in those cases when the soil treatment method is used for prevention of subterranean termite infestation.

When applicable the HUD-NPCA-99-B must accompany the HUD-NPCA-99-A. If the requested data is not collected, new home purchasers and HUD are subject to the risk of purchasing or insuring a home that is infested by termites and would have no recourse against the builder.
